

STUDY IN AN UNRIVALLED LOCATION

The Faculty of Law is located in a very beautiful part of the city near the central park and student dormitories. **Therefore, it provides a tranquil and invigorating learning environment.**

MARIBOR

Maribor is the second largest city in Slovenia. It is a University city and was the European Capital of Culture in 2012.

The city of Maribor is located by the Drava River in the embrace of green Pohorje forests and picturesque wine-making hills. It provides an incredibly rich source of learning and entertainment with all the attractions and amenities of a thriving contemporary city.

WHY STUDY AT THE FACULTY OF LAW, UNIVERSITY OF MARIBOR?

The Faculty of Law is a founding faculty of the University of Maribor, with 60 years of tradition in legal education and research.

Our lecturers are internationally renowned legal experts. They are specialised in various disciplines of EU law and many of them hold important positions in judiciary and other legal institutions.

The high employment rates of our graduates are a tribute to the strength of the quality of our study programmes.

The students benefit from individualised approach, work in small groups and are given the opportunity to closely collaborate with distinguished academics, legal professionals and visiting professors.

The Faculty of Law provides a wealth of research facilities empowered by educational technologies, academic services, **well-equipped** modern libraries and reading rooms **with access to international legal databases.**

It offers the opportunity to participate in the Erasmus programme, other cooperation programmes and networks encouraging the interchange of ideas between students, academic staff and the frequent visiting lecturers.

AIMS OF THE PROGRAMME

The programme offers in-depth studies of the classic branches of European law and those aspects of European integration that influence its relations with the international community.

The programme deals with the multifaceted aspects of European integration linked with the political, social, economic, business, security, defence, energy, environmental and similar interests of the Member States and the Union as a whole. It will provide professional training that will superbly prepare the student to become a lawyer that will be empowered to perform the most demanding jobs in legal, economic and non-economic positions in the EU and in the international environment, which requires specific legal skills and additional professional qualifications.

BASIC FEATURES

- **study programmes** approved by
- SQAA lasts for 2 academic years
- 120 ECTS (30 ECTS per semester)
- Individual research work: 10 ECTS the master thesis: 20 ECTS
